Publication Office, Bulletin Building, Washington Avenue.

(From the Revolution.) Christmas is a festival of the church only because the church has adopted it, and thrown over it the sanctions of its noand thrown over it the sanctions of its no-tice and its hallowing benedictions. But the occasion belongs to home. It com-memorates the most sacred event in the life of woman—the birth of an immortal into earth and time. All that is tender and beautiful and holy in motherhood is clustered around and concentrated in this hallowed occasion. We have no sympa-thy with Catholic or other superstitions; but we pity the man who has any recol-lection of a mother who does not feel his heart throb with grateful veneration as heart throb with grateful veneration as the type of Motherhood is lifted up in the Virgin, and still more the woman who knows what maternity means and does not have her soul kindle with reverence and love on a Christmas eve. Heaven comes down to earth in infancy. We shall never see the meaning of the greatest of mysteries until we look upon each newborn child as an incarnation, and every mother as somewhat sanctified.

SMALL-FOX BY MAIL.

From the Wheeling (W. Va.) Intelligencer, December 13.

A young lady now ill with small-pox in this city recently received a letter from a sister in Pittsburg, who wrote that she was then sick with the small-pox. Exactly eleven days after the letter was received, the young lady who received it was taken with the disease. She was not exposed to it in any other way, and there seems to be no doubt the contagion was communicated by the letter.
